

the vision:

God has given us a vision to reach the greater **Washington, D.C.** area with The Gospel of Jesus Christ. If God sends a revival to the D.C. area, it would require the attention of the whole world. **We want to see lives changed, disciples made, churches planted and people from every nation worshipping Jesus Christ!**

the planter:

Brandon and Ellen married in December 2011, called by God to plant churches in the D.C. area. **They started Impact Church in Fairfax County, VA in January 2012, that is now successfully sending missionaries out throughout the world.** They have three children, Zeke (5), Zoe (2) & Evie (8 months).

IMPACT FREDERICKSBURG

the spot:

The **Fredericksburg** area is a little cul-de-sac of Washington, D.C. that is home to over **320,000 people**. Many of the people who live here work in D.C. or are in the military. The Fredericksburg area includes one of the most important military bases in the world, housing over 12,000 people. **Fredericksburg, VA is strategically between the nation's capital and the state capital** with plenty of opportunities to reach influential people with The Gospel!

the timeline:

Missionaries hope to be on the field by the end of **September 2020**. Making disciples and developing a launch team by **January 2021**. The church will be gathering with an anticipated official launch of **Spring 2021**.

There is an urgency to point people to Jesus Christ and share His Gospel during this international pandemic. This may be our lifetime's window of opportunity to see God's glory fall on our nation's capital and the nations! What an opportunity to get The Church back to her first love!

partner with us:

- 1) **Pray** - Join our prayer team and receive real time updates on opportunities to pray!
- 2) **Give** - There are opportunities to partner financially with this new church in the D.C. area!
- 3) **Go** - Come join our team and make disciples that make disciples that plant churches that plant churches until all the nations hear The Gospel & Jesus comes back!
